Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Sunday 19 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fog patches. Mostly cloudy, dry. Limited brightness best in west.

Today:
Early fog patches which may linger around the coasts. Dry for vast majority, with only a few drizzly showers possible towards the coasts. Best of the bright and sunny spells over western areas. Maximum temperature 9 deg C (48 deg F).

Tonight:
Largely dry and rather cloudy. However some clear spells breaking through overnight, combining with light winds to bring a frost to some come dawn. Minimum temperature -1 deg C (30 deg F).

Monday:
Most if not all dry again, also rather cloudy, particularly through the morning. However brighter spells increasingly likely for the afternoon. Light winds. Maximum temperature 8 deg C (46 deg F).

Outlook for Tuesday to Thursday:
Tuesday and Wednesday mainly dry with brighter spells. Easterly winds freshening Thursday as rainbands spread from south.
